TD-Kiosk

ref. QMTD1

QMTD1 is a multimedia kiosk for managing queues, set to stand on a desk or fixed to the wall.

The TD-Kiosk has a touch screen, is available in several colors and presents a high stability and rigidity. It is a low cost kiosk and is accessible to all companies that want to offer their customers a quality service.

The places where the tablet and printer are installed are secured with a safety lock, making maintenance easier.
